ATLANTIS

MÉTALL
MODERN**HANDCRAFTED IN DENVER, COLORADO**

Every Métall piece is handcrafted in our Denver factory, where skilled craftsmanship and state-of-the-art machinery come together to create furniture of exceptional quality. Our tables are built from recycled 304 stainless steel and designed for lasting performance indoors and outdoors.

Every product receives our antimicrobial clear-coat finish for added protection and easy care. Choose custom colors, shapes and sizes across our table and chair collections. Special orders are always welcome.

Our complete custom fabrication shop gives us the freedom to turn your vision into reality—from a thoughtful modification to an entirely original piece. Every Métall table is backed by a five-year structural warranty and built with the strength, precision and detail of American craftsmanship.

MÉTALL: WHO WE ARE

METAL. WOOD. UPHOLSTERY. ONE VISION.

Designed, engineered and handcrafted in Denver, Colorado.

METAL

WOOD

UPHOLSTERY

WHAT WE CAN CREATE

PRECISION METALWORK

Sculptural stainless-steel fabrication, welding, forming and hand-applied surface finishes. Built for indoor or outdoor applications.

WOOD + MIXED MATERIALS

Warm natural wood, glass, stone and specialty materials can be integrated with our metalwork for a completely custom composition.

FULL UPHOLSTERY SHOP

Complete upholstery capabilities for seating, benches and custom pieces using customer-owned material or fabrics selected for the project.

CUSTOM ENGINEERING

Dimensions, shapes, bases and structural details can be tailored to residential, hospitality and commercial specifications.

FINISHES WITHOUT LIMITS

Choose from our signature metal colors and textures, or work with us to develop a finish specific to your design vision.

ONE PIECE TO PRODUCTION

From a single statement piece to a coordinated collection or production run, every project receives the same attention to material and craftsmanship.

FROM CONCEPT THROUGH COMPLETION

Our team works with designers and dealers to turn an idea into a finished, buildable product.

METAL SAMPLES

Due to the handbuilt nature of our product there may be subtle variations for all colors. Colors will vary slightly due to lighting, thickness of coating, and powder coater. The metal samples provided will be matched as accurately as possible. Although we consider these variances to be minimal, there is no way to assure an exact color match. View all photos for each product to ensure color selection for main and accent colors are correct.

Please contact our team if you have any questions.

ABOUT HOUSEFISH

PAGE 01

MODERN DESIGN.
BUILT TO ADAPT.

Housefish creates modern furniture and storage systems that bring clarity, flexibility, and lasting function to residential and commercial spaces. Designed and made to order in Denver, each piece combines precise construction, thoughtful materials, and a distinctly architectural point of view.

MODULAR BY DESIGN

Stack and configure storage modules in multiple ways as needs and spaces change.

QUICK FLAT-PACK ASSEMBLY

Exceptionally strong components ship flat and assemble quickly with only a hammer.

MAKE IT YOUR OWN

Choose multiple heights, multiple wood options, and an array of solid-color or laser-cut sliding door fronts.

THE KEY MODULAR STORAGE SYSTEM

Made in Denver from USA-sourced materials and parts • FSC-certified wood • zero-VOC finishes • paper-based packaging

MODULAR STORAGE

01

MODULAR
STORAGE

LOW STORAGE

Clean architectural storage designed to adapt as needs change. Sliding doors keep everyday essentials beautifully organized.

02

STACK
STORAGE

STACKABLE STORAGE

Open shelves and sliding-door cabinets stack vertically, creating flexible storage with a crisp, modern profile.

STORAGE & MEDIA

01

**MODULAR
CREDENZA**

SLIDING-DOOR STORAGE

A refined, flexible storage piece whose sliding doors and raised frame keep living and working spaces visually light.

02

**MEDIA
CONSOLE**

MEDIA STORAGE

Open and concealed storage meet in one streamlined form. Expressive door panels give the piece distinctive character.

TABLES & WORKSPACE

01

**TERCET
COFFEE TABLE**

OCCASIONAL TABLE

Sculpted geometry and warm wood craftsmanship give the Tercet a distinctive, balanced presence.

02

**STOOL / END
TABLE**

STOOL + END TABLE

One compact piece with multiple uses: extra seating, a side table or a bedside companion.

SEATING

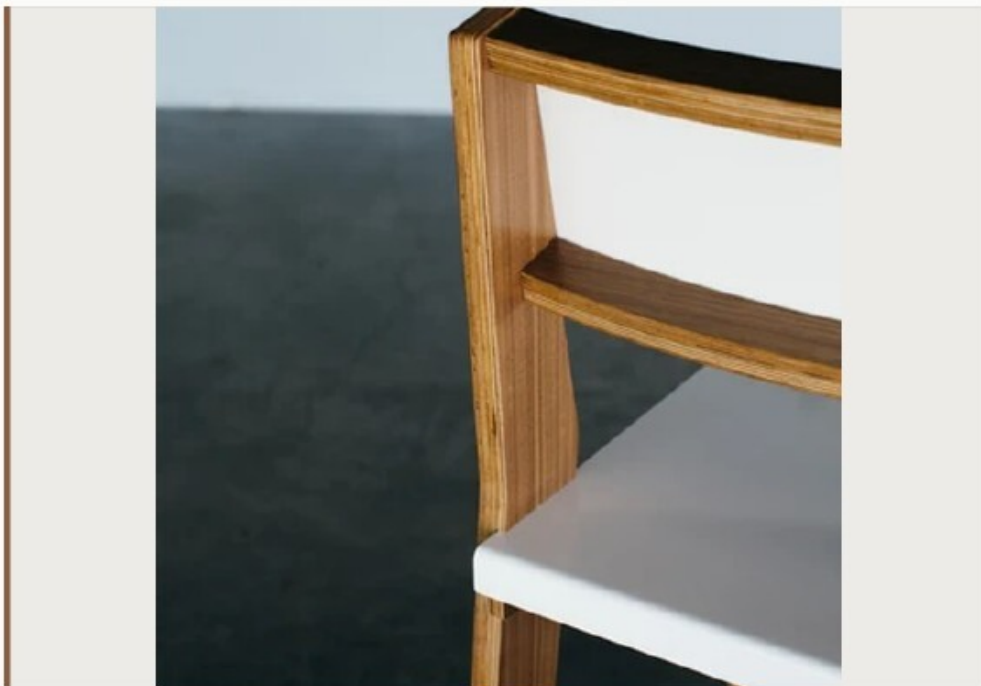

01

STOOLS

DINING & COUNTER SEATING

Clean-lined seating with an architectural profile and flexible finishes that coordinate easily across different interiors.

02

LOCK BARSTOOL

BAR & COUNTER SEATING

A slim, carefully crafted frame brings everyday versatility while keeping counters and gathering spaces feeling open.

OCCASIONAL TABLES

01

COFFEE TABLE

DARK STAIN

A deeper finish gives the sculpted wood form added richness while its low profile anchors the room.

02

NEBULA
COCKTAIL
TABLE

COCKTAIL TABLE

A broad circular top and dynamic crossed base create a sculptural silhouette for residential or hospitality settings.

SKEW COFFEE TABLE

01

SKEW COFFEE
TABLE

MAPLE

Light maple highlights the Skew table's crisp geometry, airy stance and everyday versatility.

02

SKEW COFFEE
TABLE

WALNUT

Warm walnut adds contrast to the architectural form while the elongated surface offers generous usable space.

POCKET DESK

01

POCKET DESK

FULL VIEW

A compact workstation with integrated storage that keeps daily essentials close and the room visually light.

02

POCKET DESK

CORNER DETAIL

Thoughtful joinery, layered edges and contrasting materials reveal the craftsmanship behind the Pocket Desk.

CUSTOM BOOTHS

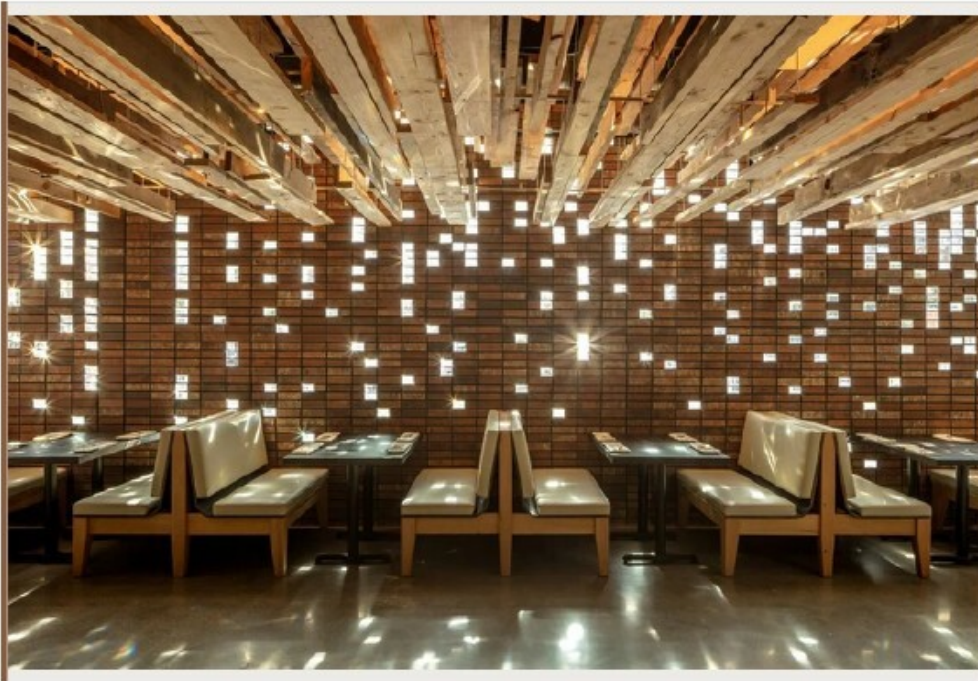

01

ALL-WOOD BOOTHS

CUSTOM BOOTH SEATING

Custom, built-to-fit booth seating maximizes hospitality spaces while creating a warm, cohesive interior.

02

UPHOLSTERED BOOTHS

CUSTOM BOOTH SEATING

Tailored upholstery, custom sizing and flexible material choices bring comfort to a clean, modern profile.

METALL MODERN

MÉTALL FIRE

BUILT ONCE. ENJOYED FOR A LIFETIME.

High-performance fire features engineered in Denver for residential and commercial spaces.

WHY MÉTALL FIRE

TALLER FLAME

Flames designed to rise two to three times higher than standard fire features while using the same or less fuel.

CROSSFIRE PERFORMANCE

Warming Trends Crossfire brass burners deliver reliable, efficient heat.

BUILT TO ENDURE

12-gauge recycled stainless steel, handcrafted for years of residential or commercial use.

LIFETIME ASSURANCE

Limited lifetime coverage on both the burner and the structural body.

FUEL FLEXIBILITY

Available for natural gas or propane applications.

FINISH FREEDOM

A wide selection of powder-coat colors, custom sizes and tailored details.

CUSTOM FORMS, WITHOUT LIMITS

L-shaped, curved, wavy and one-of-a-kind designs - created for private residences, hospitality settings and demanding commercial environments.

FIRE TABLE SERIES

Gather. Connect.
Create Memories.

The Fire Table Series brings people together with timeless design and comfort. The perfect centerpiece for any outdoor dining or entertaining space, combining exceptional heat output with lasting quality.
